

IN THE LAND OF COMICS

32 km Easy 2h30 + visits

Did you know that the center of Walloon Brabant has been the breeding ground for many comic strips and the home of famous cartoonists? First of all, stop by the Hergé Museum and admire the many frescoes dedicated to comics, spread throughout the city. You may be lucky enough to meet Gaston, Violette, Largo Winch and others. You will then go to Limal, where Dupa, father of Cubitus, lived, and to Wavre, the town of Roger Leloup, the author of Yoko Tsuno. The last stop is Céroux-Mousty. This beautiful Brabant village was home to Hergé for several decades.
