You may object free of charge and without any reason to the use of your data for direct marketing purposes by clicking **here** or by connecting to "**unsubscribe**" in our newsletters.

Browsing:

This website has not been configured to collect any information from your computer without your input. This means that, unless you voluntarily and

knowingly provide us with information, we will not know your identity, your email address, or any other information identifiable to you.

Internet Protocol (IP) Address:

An IP address is a number that is automatically assigned to your computer every time you browse the Internet. When users request a page from our site, our servers log the user's current IP address. We use the IP address to help diagnose problems. We do not link IP addresses to any personal information about you.

Cookies:

Our website uses "cookie" technology. "Cookies" are encrypted strings of text that a website stores on a user's computer. Our website requires the use of a cookie throughout the online reservation process. The cookie does not track any personal information about you or provide us with any way to contact you, and the cookie does not extract any information from your computer.

Legal Issues:

We will only disclose personal information when required by law or in good faith belief if such action is necessary or desirable to comply with the law, protect or defend the rights or property of our hotels, the site or its users.
